

80 Infants

In Louisiana,
roughly 80 infants
die of SIDS every
year. Don't add to
that statistic. Keep
your baby safe
from SIDS.

-
- Infants should sleep alone. Never share a bed with your baby.
 - Always lay your baby to sleep on his or her back, without pillows, blankets, bumper pads or stuffed animals.
 - A crib or pack-n-play is the safest place for your baby to sleep.
 - Don't smoke around your baby.
